

# THE S.O.B. PROGRAM

## SUSTAINABLE, ORGANIC & BIODYNAMIC

many of you have asked us which wines on our list are (s)ustainable, (o)rganic or (b)iodynamic.  
 most of the wine labels you will find on our list are from small, boutique producers where the utmost care for the environment, staff & sustainability of their companies are considered.  
 we taste each one of the wines before presenting them here to ensure you the tastiest and best value wines possible.

With love, your neighbourhood wine list curator, Maia Pineault  
 oh ya... don't see something you want? please ask us for the **reserve list!**
